

***A full service business planning and management firm serving small and medium sized companies with an emphasis on minority and women owned businesses.***

**Jump Start Your Business to Absolute Success**

- *“Jump Start Your Business”* is a curriculum for the entrepreneurs who are interested in starting a business as well as those already in business. It is taught by entrepreneurs who share lessons from real trials, tribulations, and triumphs of the business world. Participants are encouraged to do research to uncover opportunities, asked questions to make them dig deeper, and pushed to make tough decisions regarding their business.

**Business Plan Development & Financial Projections**

- Is an 8 week working class with active participation to complete a business plan and learn funding options. These are working sessions. Participants are encouraged to bring their laptops and be prepared to complete business plan sections while they learn. Financial Projections will help participants understand and complete the financials forecasts needed for their business plan.

**1:1 Coaching**

- This *fast-track* program is for the individual who already has a strong draft or completed business plan and will need minimal fine-tuning and financial review.

***We offer basic tools, information, workshops, best practices, access to funding, and network support groups!***
