

The PLLUS Group is a proud member of the Intuit Quickbooks® Certified ProAdvisor Community

## FAILURE IS NOT AN OPTION

We strive to help our clients build a foundation for success. Many small businesses don't succeed due to an inadequate accounting and finance infrastructure.

All of our services are offered on a part-time basis. Clients can engage us via a monthly retainer or special project package.

This ensures that our clients are able to utilize a high level of service in an affordable manner.

This approach will provide your small business with the tools to build the foundation required to protect your resources and optimize efficiency.

# FLEXIBLE SOLUTIONS FOR YOUR BUSINESS NEEDS

The PLLUS Group is a business consulting company that provides comprehensive accounting, finance and operational optimization services to small businesses and non profits.

## BUILDING THE FOUNDATION

Our solutions allow our clients to focus on core operations, while at the same time, have the peace of mind knowing that their accounting and financial systems are operating in manner that will allow them to deliver maximum results..

### ACCOUNTING

Our accounting services provide the foundation required to successfully manage your business. We ensure transactional integrity as well as financial reporting that will provide a “real time” financial snapshot of your operations.

### FINANCIAL ANALYSIS

Understanding where you have been will allow you to determine where you are going. Our financial analysis services will provide your business with a complete understanding of your financial results. We will identify critical areas of concern and guide you on how to maximize the efficient use of your company’s resources.

### OPERATIONAL OPTIMIZATION

Building your business on a solid foundation will ensure scalability and sustainability. From analyzing how your business is organized to accounting system training we strive to make sure your business has all the tools required to successfully execute your business plan.
