COMPANY STORY & MISSION STATEMENT:

Momentum Bookkeeping, LLC was started for 2 basic reasons.

1. A Friend needed my help
2. Over the course of my career I had become ready to be the change I wanted to see in the industry in general.

Our services are designed for passionate entrepreneurs who are in love with what they do and know that in order to focus on what they love, they need someone to partner with them on the things they don't love. Momentum Bookkeeping, LLC is that partner.

Momentum Bookkeeping, LLC reflects the same talents as the businesses who contract with us, but apply them to bookkeeping, accounting applications, and tax. We are flexible, visionary, intuitive, diverse and committed to our craft. Our Clients are not just another file in the rotation located far from thought and out of sight until month or year end. Momentum Bookkeeping, LLC is more like an extension of the clients we serve. Paying attention to the details as if they were our own, because we understand that our network of businesses, particularly in Detroit/Metro Detroit are very much like an ecosystem. Our success is multiplied when we are all successful.

Momentum Bookkeeping, LLC was formed by Amanda Gavalier after about 20 years of diverse experience in the field. At age 19 she began as a Cost Accountant for Fairlane Ford Sales. She would go on to be employed as a financial analyst with Flat Rock Metal Inc., the lead accountant for TSI Trucks, a Cost Estimator for Shawmut Corporation, and a tax Preparer with H&R Block. In her spare time; being a lover of learning and new experiences, she also assisted as a loan originator and also continues to be the Treasurer for a downriver based 501(C)(3).
