Motor City Match

Re: Construction Services Request for Qualifications

Dear Sir or Madam,

Allied Building Service Company of Detroit, Inc. (Allied) is pleased to respond to the recent RFQ, dated June 25, 2015, regarding needed construction services for the Motor City Match Program. Allied is a Detroit Headquartered company specializing in general contracting and building maintenance within the commercial industry. Allied's general service area includes Southern Michigan, Northern Ohio, Northern Indiana, and Denver, CO. We have licensed HVAC, plumbing, carpentry, and electrical technicians on staff. Our management team is proactive in maintaining communication with our customers and strives to build lasting business relationships. As a local organization, Allied is excited to see the revitalization of Detroit and looks forward to partnering with other companies in this endeavor.

CORE COMPETENCIES

- *Professional Expertise* – Trained and experienced in the construction and facility maintenance fields, Allied demonstrates knowledge and skill in all aspects of work being performed. Our team goes above and beyond normal standards to ensure customer expectations are being exceeded. Allied thrives in handling situations and scopes that create nagging headaches for our customers.
- *Teamwork Oriented* – Allied focuses on creating a teamwork environment for its employees and customers. Working together with all parties allows Allied to develop solutions and grow long lasting relationships.
- *Effective Communication* – Communication is a driving factor behind the overall success of Allied and its customers. The focus on communication travels from the top of our team to the bottom and continues on to our customers.
- *Managing Change* – The construction and facility maintenance industry is consistently changing. Allied has managed the economic fluctuation and works feverishly to stay ahead of the varying market. Our management team continues to grow and develop new and inventive ways of meeting the needs of our customers.
