Why DWLLC?

“The best way to find yourself is to lose yourself in the service of others.” Mahatma Gandhi

I started this business in May 2016, but did not have a full understanding of what this endeavor involved. My goal is to assist small businesses with business structure, processes, procedures, and to provide consultations for certification with the federal government to prevent them from making the same mistakes or missteps that I made while navigating this process.

Education

Dianne is a 1982 graduate of Michigan State University and a 2009 graduate of University of Phoenix obtaining a Bachelor’s of Science in Public Affairs Management, and a Master’s in Business Administration, respectively.

Prior to establishing DW LLC in 2016, Dianne worked as a Department Director, managing a staff of over 47 employees and was responsible for the vision, mission statements and direction of her realm of responsibility. She managed annual budgets ranging from \$2 million to \$14 million dollars.
