Motor City Match Program Guidelines

1. EXECUTIVE SUMMARY

Detroit's Business Challenge

Since 2015, Motor City Match has served over 1,500 aspiring entrepreneurs in Detroit, helping to start, grow, and expand 100's of businesses. The program's focus remains on empowering Detroiters to use entrepreneurship as a tool for increasing their incomes and growing their wealth. Motor City Match recognizes that every business faces challenges unique to its vision, goals, and business model.

Following the onset of the Covid-19 pandemic, many Detroiters saw the development of their businesses delayed and derailed. Businesses owned by low- and moderate-income residents, entrepreneurs of color, or woman entrepreneurs, microenterprises, and businesses located in low-income communities experienced negative economic impacts of greater severity and duration than the small business community at large. Additionally, specific industries focused on hospitality and in-person service experienced a disproportionate negative economic as a result of the pandemic.

To mitigate the negative economic impact of the pandemic, Motor City Match has created a new framework for identifying appropriate support for formalizing, launching, designing, and funding projects. Motor City Match tackles the city's entrepreneurship challenges by matching Detroit businesses with the right support services, funding options, and available real estate. The program offers one-on-one consultations, subject specific workshops, technical assistance, access to professional services, site selection assistance, competitive grants, and loan counseling.

In addition to other program requirements, awarded entrepreneurs looking to start or expand their business in Detroit must locate within the City of Detroit for at least 3 years, provide verification of new jobs created or existing jobs retained, and demonstrate a benefit to the community.

Our Goals

The overarching goals of Motor City Match is to help start new, permanent businesses, and expand existing businesses in Detroit's commercial corridors by providing tailored assistance throughout the business launch and growth process. Motor City Match Program Guidelines

1. **Microenterprises** – businesses with 5 or fewer employees (including the owner)
2. **Small Businesses** – businesses with greater than 5 employees and fewer than 49 employees (including the owner)

Two Types of Awards:

Motor City applicants compete for two types of awards: **Technical Assistance Awards** and **Financial Assistance Awards**. Sources of funding for different award types have specific policies that guide the selection of Motor City Match awardees. Technical Assistance Awards – the Plan, Develop, and Design Tracks – do not include any funds disbursed directly to awardees. Financial Assistance Awards – the Cash and Restore Tracks – include funding reimbursements directly to awardees. All Motor City Match Awards are funded directly by the City of Detroit through allocations of federal and city funds. Additional private philanthropic sources may be used to supplement public funding.

1. Technical Assistance Awards

Motor City Match technical assistance awards provide eligible awardees with technical assistance in the form of business services, access to classes and workshops, and one-on-one consultation including, but not limited to, business planning, financial management and design assistance. The cash value of Technical Assistance awards for each track will vary based on the unique needs of awardees. Technical Assistance will be approved at the discretion of Motor City Match Staff based on completion of program milestones and compliance with appropriate federal funding guidelines. Awardees will only receive Technical Assistance that can be demonstrated to aid in achieving the business goals laid out in their application. The value of all Technical Assistance awards are limited to the following initial allocation for each Technical Assistance Award Track.

- Plan - \$1,500
- Develop - \$3,500
- Design - \$25,000

Technical Assistance awardees are not automatically entitled to the maximum amount of Technical Assistance funding. Motor City Match staff can approve additional services beyond the initial Technical Assistance allocation at their discretion if an awardee is able to demonstrate urgent circumstances and a vital need for services; provided, however, that the value of all Technical Assistance awards for any one business will not exceed \$50,000 in any one award year.

Please note that while each of the services offered through technical assistance awards has a value, there is no money exchanged between Motor City Match and the awardees for technical assistance services. Technical assistance may constitute taxable income to awardees.

2. Financial Assistance Awards – Cash Track Grants and Restore Track Grants

Financial Assistance Awards are funded by the City of Detroit through allocations of federal and city funds or private philanthropic sources. As such, all grants will be awarded and disbursed in accordance with appropriate City of Detroit and federal guidelines.

Motor City Match grants will not exceed \$100,000. Motor City Match will issue monetary grants to qualified awardees based on eligibility criteria and program requirements. Matching grants can be used for the following eligible expenses:

Additional Eligibility Information

Conflicts of Interest Federal grant rules require that both the EDC and recipients of Motor City Match awards be free of any actual, potential or perceived conflicts of interest in the making of Motor City Match awards. Federal grant rules further require that Motor City Match awardees establish conflict of interest policies that comply with federal grant rules. See 2 CFR Part 200 and 24 CFR § 570.611 for more information.

Consistent with 2 CFR § 570.611, the general rule is that no employee, agent, consultant, officer, board member, or elected official or appointed official of the EDC, the DEGC or the City of Detroit, or of a Motor City Match contractor or lending partner who are in a position to participate in a decision-making process or gain inside information with regard to the Motor City Match program, may obtain a financial interest or benefit from the Motor City Match program, or have a financial interest in any contract, subcontract, or agreement with respect to the Motor City Match program, either for themselves or those with whom they have business or immediate family ties.

EDC's conflict of interest policies require that Motor City Match applicants disclose as part of their applications whether the applicant, the applicant's immediate family members or any person with whom the applicant has business ties is employee, agent, consultant, officer, board member, or elected official or appointed official of the EDC, the DEGC or the City of Detroit, or of a Motor City Match contractor or lending partner. Upon receipt of an applicant's disclosure, the EDC will determine whether a conflict of interest exists and if the conflict can be mitigated and/or granted an exemption in accordance with EDC policies and federal regulations. **NOTE: Failure to disclose an actual, potential or perceived conflict of interest may result in the rejection of a Motor City Match application, termination of a Motor City Match award, and/or the required repayment of any disbursed award funds, whether disbursed directly to the applicant or to a service provider on behalf of the applicant.**

Please note the following:

- (1) Eligible business and property owners may designate a contact person to apply on their behalf;
- (2) Business owners that own vacant real estate for their future business location may apply as either a Building Owner or Business Owner

4. SELECTION PROCESS

Scoring Criteria

Motor City Match Program Guidelines

Businesses will be scored based on five criteria. Each criterion is worth 20 points. Applicants can earn up to 100 points-

1. **Vision and plan** for the business based on the soundness, completeness and creativity of the concept.
2. **Experience and capacity** of the business owners and key members of the business team.
3. **Market opportunity** to meet economic demand and advance business district revitalization.
4. **Community support** for new business including benefit to low to moderate income communities.
5. **Leverage** of business owner investment and other community investment initiatives in the area.

Business Selection Process: Eligibility and pre-screening

- All applications that do not meet the eligibility requirements shall be considered non-responsive and discarded.
- All applicants shall self-select the award track to which they wish to apply, based on the requirements listed in the program guidelines.
- Motor City Match staff will review applications within each track, rank applications and select finalists for review when applicable. The finalist selection process is estimated to take approximately 30 days.
- If applicable, Motor City Match will notify all finalists in writing via email. Finalists may be asked to submit additional information for final consideration.
- Finalists will have a limited amount of time to turn in the required additional information.
- When applicable, program staff and a selection committee will use this information, along with the original application, to recommend awardees.

Determining Project Viability & Feasibility

Motor City Match will provide two types of awards to Detroit businesses – Technical Assistance Awards and Financial Assistance Awards. Underwriting criteria for establishing the viability and feasibility of Financial Assistance Awards are described separately.

Technical Assistance Awards:

Applications will be evaluated using five scoring criteria – vision and plan, experience and capacity, market opportunity, community support, and leverage. Awardees will be the applicants whose projects' high application scores indicate that they are relatively more viable and feasible than the applicant pool.

Once awarded, Motor City Match staff will work with awardees to further refine their projects by setting achievable goals with actionable steps. Staff does this indirectly – through subject specific workshops that provide information and explain processes – and directly through one-on-one consultations. All Technical Assistance Requests will be scrutinized to confirm services are in line with project goals before any Technical Assistance funds will be disbursed. A summary table of strategies for ensuring project viability and feasibility is below.

Financial Assistance Awards

Grants are available for businesses that are not able to secure all of the financing needed to complete their project and open their business or perform necessary upgrades to the business they are currently operating. Grants are not a substitute for readily available financing or equity investment. Grants are used to fill the gap on projects. The financial gap is determined based on the total project cost, less the debt that the project is projected to sustain and the owner's equity investment. As a condition to the grant award, each project will be required to complete a "project financial plan" in collaboration with Motor City Match staff or technical assistance providers. The project financial plan will identify:

- All project costs and the corresponding sources and uses of funding on a line-item basis, including costs that will be paid for in-part or whole by Motor City Match grant funds.

Motor City Match Program Guidelines

- Who is responsible (either the property owner or the business owner) for costs.
- Ownership of eligible costs. In other words, if Motor City Match grant funds are used to purchase equipment, the project financial plan will determine if the equipment belongs to the property owner or the business in compliance with applicable laws.

Business and building owners being considered for financial awards must agree to provide the following when applicable:

1. Business plan (new business) or growth plan (existing businesses)
2. Executed letter of intent or lease, a copy of a recorded deed, or land contract
3. Development plan including construction, renovation, or upgrade cost estimates and bids from contractors
4. Business financial information:
 - Interim balance sheet and income statement
 - Three years calendar/fiscal year-end balance sheets and income statements
 - Current accounts receivable aging
 - Current accounts payable aging
 - Three months bank statements for main operating account
 - Business organizing documents (articles of incorporation/formation, operating agreement, etc)
5. Personal financial information:
 - Signed and dated personal financial statement
 - Three years personal federal tax returns

Additional financial information may be requested by program staff to verify application information.

A summary table of strategies for ensuring viability and feasibility of Microenterprises and Small Businesses Awarded a Cash Grant is presented below

A minimum of 10% project equity is required as a baseline for consideration for grant awards and loan financing. These grants are designed to increase the business owner or building owner equity investment to help strengthen the case for financing or close the gap on the project when financing cannot be obtained. Equity will be verified by providing proof of assets or previous investment in a supplemental application submission.

5. FINANCIAL ASSISTANCE AWARD DETAILS – CASH & RESTORE TRACKS

Completion of previous Technical Assistance awards does not qualify a project for consideration for Motor City Match grant funding and loans from one or more of the Motor City Match lending partners. Selection as a previous Financial Assistance (Cash Grant) awardee does not qualify a project for consideration for Motor City Match grant funding and loans from one or more of the Motor City Match lending partners. All Motor City Match grant funding will be awarded based on the evaluation of a current application for Financial Assistance awards.

All applications will be considered for grants and loans, however not all applications will receive grant funding or financing. Applicants must demonstrate a financial need that cannot be met by capital available to them. Grant making is contingent on review and selection by Motor City Match staff and a selection committee. Lending is contingent on the underwriting guidelines of each lending partner.

Up to \$1,000,000 in grants will be made available to building and business owners in the Cash Track and \$250,000 will be made available to building and business in the Restore Track each round.

Loan Financing

Motor City Match Program Guidelines

Motor City Match applicants will have the opportunity to apply for financing to a group of lending partners. To simplify the process, applicants will fill out one application that will be reviewed by all lending partners all at the same time. This allows the applicant to save time while getting the best rates and terms possible. Motor City Match lending partners include but are not limited to:

- Invest Detroit
- Detroit Development Fund
- Michigan Women Forward
- ProsperUs Detroit
- CEED Michigan
- LISC Detroit
- CDC Small Business Finance

All Motor City Match grant awardees and finalists will be reviewed for consideration for financing from Motor City Match lending partners. In the event that Motor City Match lenders can't provide some or all the financing needed, those businesses will be considered for grants to fill the gap.

All finalists for Financial Assistance awards must complete a consolidated loan information form through the Motor City Match process to be considered for a grant. Please note, the process of submitting this information does not require that the business owner take on a loan.

Grant Funding Levels and Requirements

Grants are available for businesses that can't get any or all of the financing needed to open.

Grants are not a substitute for readily available financing or equity investment. Grants are used to fill the gap on projects. The financial gap is determined based on the total project cost, less the debt that the project is projected to sustain and the owner's equity investment.

Motor City Match grants are a maximum of \$100,000, not to exceed 50% of total project costs.

Motor City Match will offer up to \$1,250,000 in grants each round. Both businesses and building owners will compete to access this pool of grant funding. Grants may only exceed 50% of the total project cost based on the financial gap if the total project cost is less than \$40,000.

A minimum of 10% project equity is required as a baseline for consideration for grant awards and loan financing.

These grants are designed to increase the business owner or building owner equity investment to help strengthen the case for financing or close the gap on the project when financing cannot be obtained.

Grants are generally issued on a reimbursement basis and will be accessed on a "draw-down" basis.

When sufficient capital to fund eligible expenses is not available to an awardee, "3-party" payment to vendors may be made available based on stipulations expressed in an awardee's Motor City Match Grant Agreement.

Grant making will use scoring from the selection process as decision-making criteria for grants. Additional decision-making criteria are as follows:

Grant and Loan Underwriting Fundamentals

1. The project costs must be considered reasonable as determined by the Motor City Match staff and the selection committee.

Motor City Match Program Guidelines

2. All sources of the project financing must be committed. Prior to Motor City Match's commitment to awarding a grant, business and property owners will work with Motor City Match financial partners and technical assistance team to:
 - a. Verify that sufficient sources of funds have been identified to finance the project including opportunities to receive financing from Motor City Match lending partners;
 - b. All participating parties providing those funds have affirmed their intention to make the funds available; and
 - c. The participating parties have the financial capacity to provide the funds.
3. Motor City Match grant funds cannot be substituted for private, independent capital. In other words, Motor City Match grants will only be made to fill a financial "gap" on the project. If the project is able to be completely and independently funded through private sources, there is no need for public investment. In determining the "gap" on a project the Motor City Match selection committee will consider:
 - a. Whether the business or property owner has, or has not, applied for private financing.
 - b. Whether the degree of equity participation is, or is not, reasonable given general industry standards for rates of return and risk profile for similar projects and given the financial capacity of the business or property owner to make additional financial investments.
4. The project must be financially feasible.
5. To the extent practical, the return on the owner's equity investment cannot be unreasonably high.
6. There must be a minimum 10 % equity investment towards project costs.
